Note: Pre-approval is subject to a satisfactory credit reporting agency enquiry and our standard policies and procedures.

**FRANCHISE
FINANCE AUSTRALIA**

Welcome to Franchise Finance Australia

As a Gutter-Vac franchise partner, the team at head office have negotiated a special equipment finance program just for you. With Franchise Finance Australia you are already **pre – approved up to \$250,000** per store for your asset finance requirements.

- Single Unit Operator - \$45,000
- Dual Unit Operator - \$90,000
- Multi Unit Operator - \$250,000

You can use Franchise Finance Australia to fund just one piece of equipment or finance your whole store fit-out, it's completely up to you.

What can I use the funding for?

You can use Franchise Finance Australia for a new store fit-out, store refurbishment, new equipment, used equipment, purchasing an existing store from another franchisee or to re-finance from another lender. *(Note: Funding for used equipment and purchasing an existing store may require additional supporting information)*

How It Works

Franchise Finance Australia purchases the equipment you need in your business from any Australian supplier. You simply apply with Franchise Finance Australia, provide a quote or invoice for your equipment and then select the finance offer that best suits your needs (Lease or Chattel Mortgage) we will then issue you with contracts accordingly. Our agreements range from just 12 months up to 5 years, all are broken down into weekly repayments and offer you complete flexibility.

What type of funding do you offer?

- **Operating Lease** – if you just want to own your equipment and pay it off over a specific period of time, then the lease option is for you. You simply select a 3, 4, or 5-year term, continue to make your weekly repayments and own the equipment outright at the end of your chosen term. Repayments can still be 100% tax deductible.
- **Chattel Mortgage** – similar to the lease in that you can choose a 3, 4 or 5-year term, however it is essentially a business loan. You own and depreciate the assets and simply pay off the loan over your chosen term. Repayments will not be 100% tax deductible, but you can claim the interest portion of the repayments and also claim the GST upfront.

What if I need more funding than the pre-approved amount?

You are welcome to apply for funding above the pre-approval amount. It simply means we will require some additional information from you to assess the application.

How to Apply

Just go to the Franchise Finance Australia website and complete the online application form at www.franchisefinanceaustralia.com.au/apply-now/
